# Nature's Limited Edition

It was a glorious morning when Mother Nature handpicked five elements of the Earth. The extraordinary five were empowered to craft a heavenly experience for humans, bringing together beauty and balance. Mother Nature asked the sun's healing touch to nourish his body while the nostalgic aroma of soil was asked to keep him closer to his roots. The sparkling blue water flowed to quench its soul's thirst as the wind rustling through leaves and grass, created the perfect symphony for his ears. As she blessed these elements with undefeated healing powers, she called out to the sky to show humans how to dream with open eyes.

Forest Creek, Nature's Limited Edition, is a stay curated by Mother Nature herself. Away from the human-made chaos yet closer to humankind, you will find yourself enclosed in the serenity of nature's arm.

This green paradise, built for you, calls for your wellness and self-care. Run through old oak trails in the forests; soak in the sun by the lake, and hum with birds at dawn. While whistling through woods, learn the art of traditional farming from local hamlets as the Forest Creek brings you closer to ecological ways of living while simultaneously preserving the forest for generations to come. Come by, let nature host you like the old times. Fall into nature's arms and sleep to the sound of its sweet lullabies.

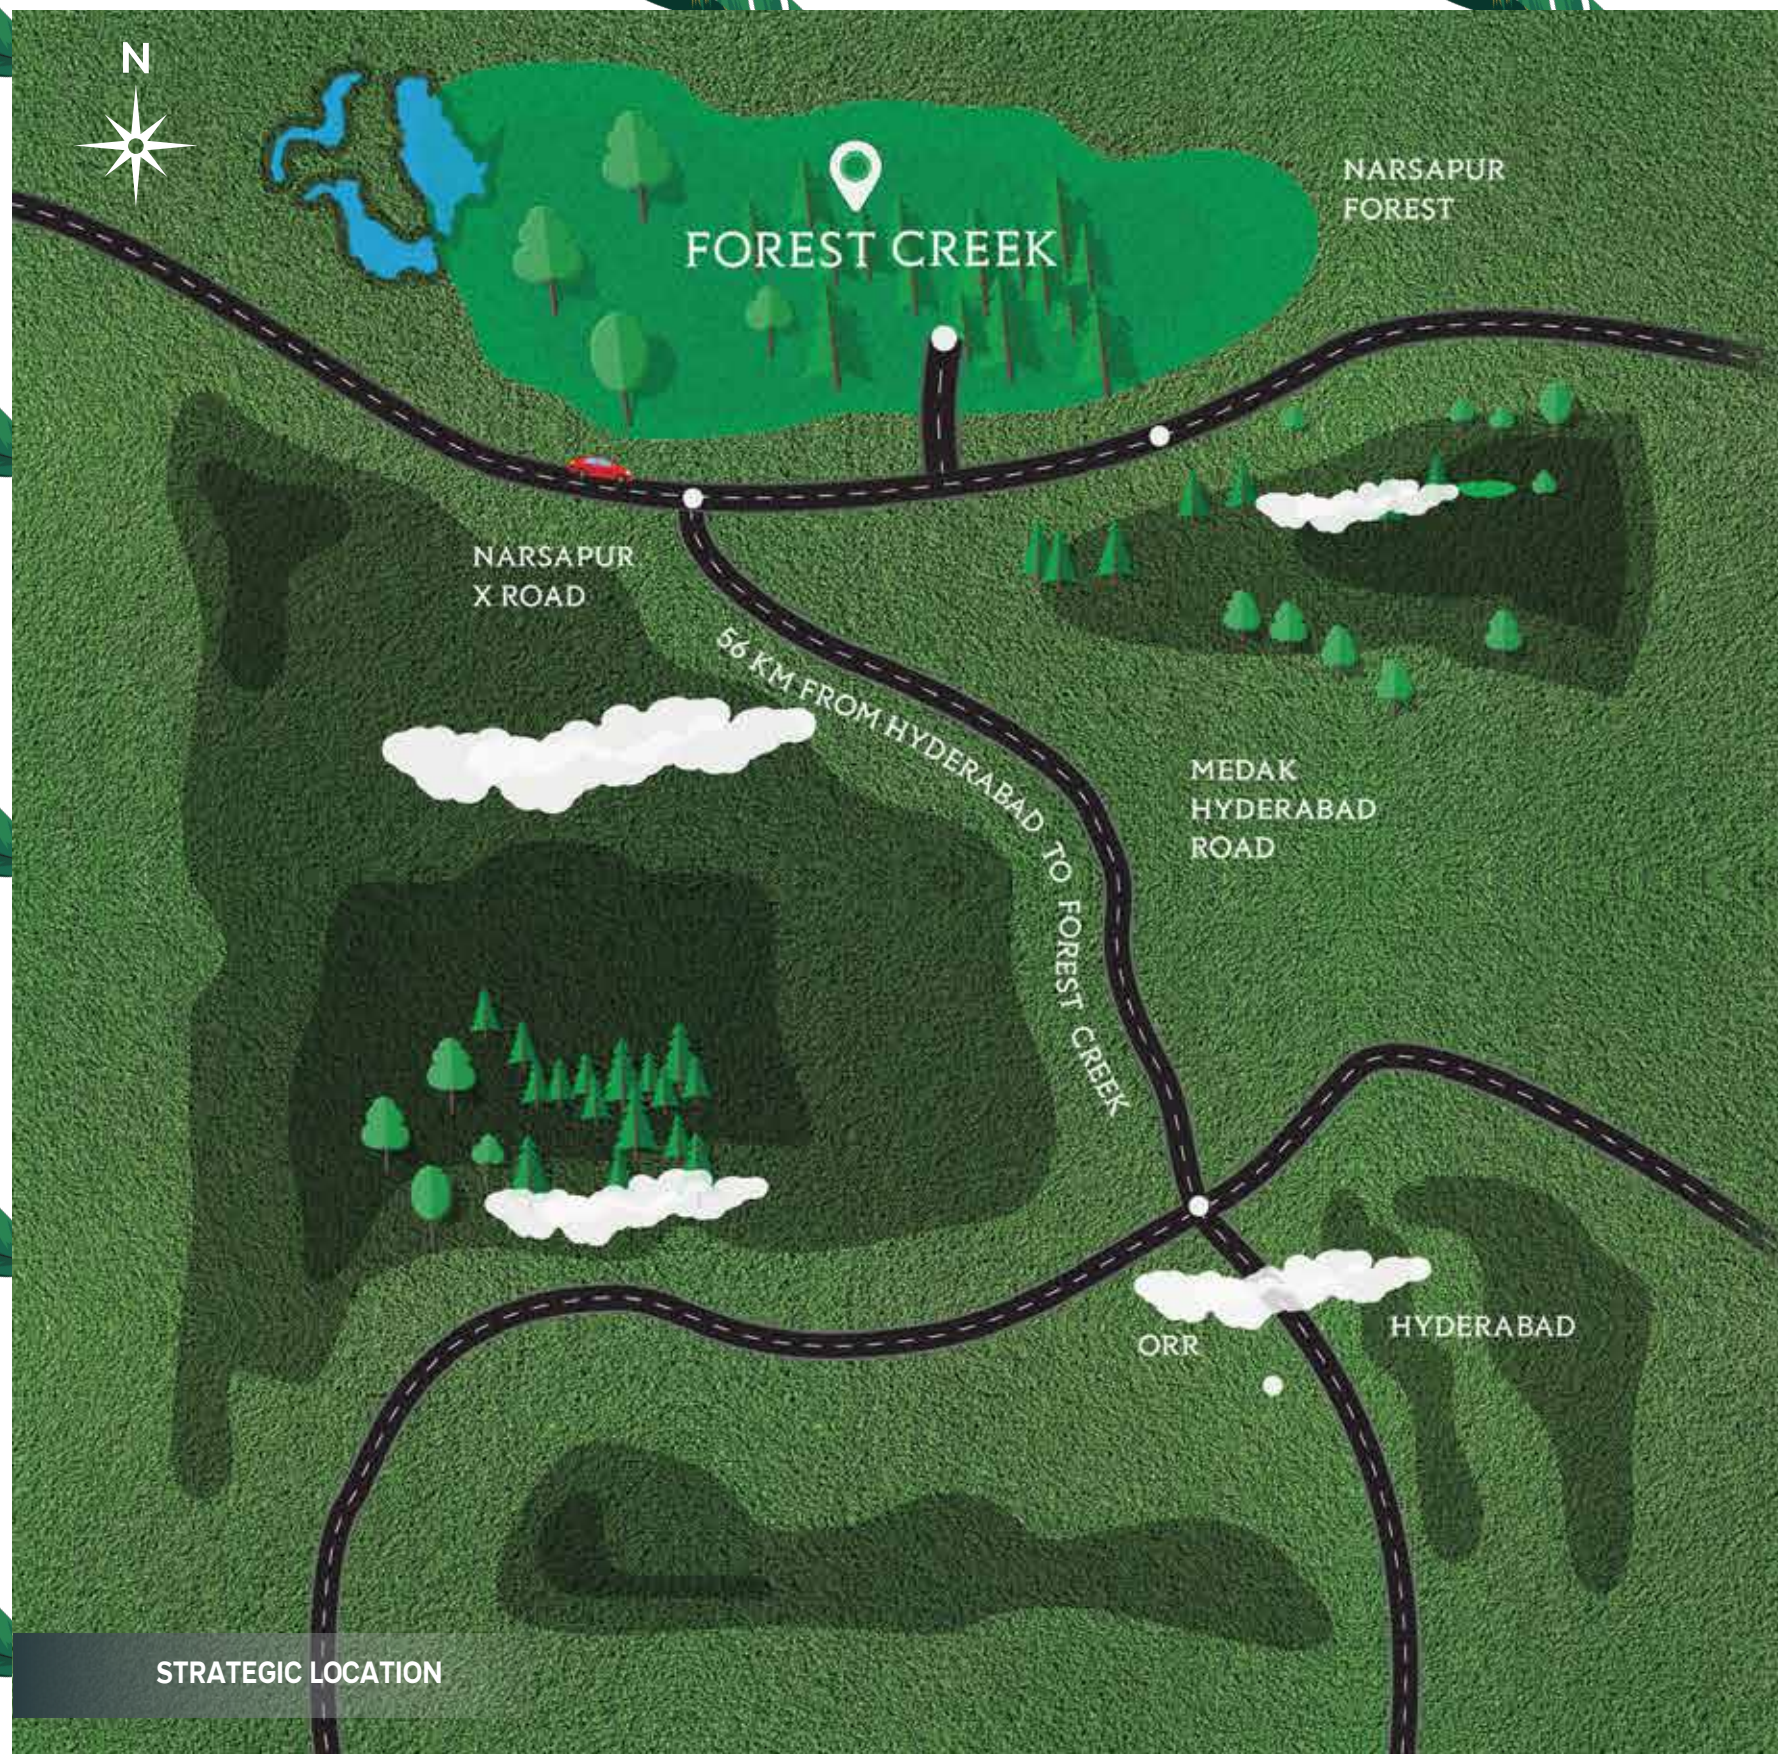

# The New Address Of Sustainable Luxury

Surrounded by mystical mountains and lush green landscape, Forest creek is where life meets serenity. It boasts of an eco-retreat amidst the Narsapur forest range. Nestled 56 km from Hyderabad in Medak district, this neighbourhood of the future is home to simple pleasures of life-: rich flora and fauna, natural lakes and rocks, with a promising good life that rediscovers rural roots. Keeping innovation, excellence, and sustainability in mind, Forest Creek aims to provide you with an abode that reflects on your lifestyle and distinct personality.

It is determined to give you an extraordinary life experience with its ultra-modern amenities. With 2 lakh + tree plantations, multiple ponds, and aesthetically designed avenue plantation, nature at Forest Creek will mesmerize you at every corner. Bollard lighting, paved roads and connected pathways will give you hassle-free accessibility of your abode. Drip irrigation for every plot and multiple rainwater harvesting pits serve the eco-friendly purpose of the project. Forest Creek pledges to keep you and your family safe with 24-hours security surveillance at the entrance. It is your very own sanctuary.

A MAGNIFICENT ENTRANCE

## Far from Chaos Close to Bliss

Forest Creek has found its home amid widespread magnificent Narsapur forest ranges. Considered a popular getaway from the din of the city, the location silences the chase of life with its tranquillity. ***It is situated in Medak district, 56 km from Hyderabad.*** Scenic roads, fresh gusts of wind, water streams, ponds and greenery stretched as far as eyes can see will encourage you to stay here forever. Go for a trek or lie down on the lush green grounds; Forest Creek is where life finds its true meaning. The flora's rustling and fauna's chirping would be a delight for your ears every morning.

# Plantation

Forest Creek is home to some exotic plants. The pathways are embellished with the natural greenery of Anthocephalus Chinensis, Bahuhinia Blackea, Bombax Ceiba, Cassia Fistula, Delonix Regia and more. Your life here will be all about breathing fresh and staying healthy among the trees and clean air. The avenue plantation at Forest Creek is well-designed to offer you a memorable experience right from the beginning.

The project provides you with plots of generous sizes where you can indulge yourself and revive your dream of cultivation and planting on your very own land. We will plant seasonal fruits like **MANGO, GUAVA, KALA JAMUN, COCONUT** and more in your spaces which you can relish for life. Each plot has a high-end drip irrigation and rainwater harvesting facility. The project has over 100 kms of drip irrigation network all over.

# The Pioneers Behind

a joint venture by

The performance of an organization is always based on the experience of its creators, a precept that is explicit in the most successful global corporations, which further, is a demonstration of exemplary leadership.

In line with a similar objective, Forest Creek has been conceived and established by a phenomenal team of visionaries hailing from varied verticals which are allied with the infrastructure sector and also the entertainment industry. All our promoters have a domineering presence in several areas of the construction industry such as Roads and Buildings, Housing and Real estate, Earthworks, Irrigation, Cement, Marble & Granite, Limestone Mining, Stone Crushing, Building Material Suppliers and other EPC projects.

Further, they are also renowned for their distinguished presence in Logistics, and also in commercial Movie Production and Distribution. Each promoter of Forest Creek has a distinct experience of several years in their domain individually and coming together under the banner of Forest Creek by JBG Group and BRIDGE Group, these noble stalwarts of the industry are ambitiously looking forward to expanding their horizons and exploring the infinite opportunity that exists in the area of Hospitality and Infrastructures Development.

1. OVER 2 LAKH + TREE PLANTATIONS.
